

Cut out the cards to play memory match.

How to play:

- Turn all cards face down.
- Each player takes a turn turning over two cards to find pairs. Pairs must be same shape and same color.
- If a player does not find a matching pair, they turn those cards back over making sure they stay in their same position.
- If a player finds a matching pair. They continue turning over until they do not turn over a matching pair.
- Continue until all cards have been turned over.
- The player with the highest number of matching pairs wins.
